A. GENERAL

1. In this Report, unless otherwise defined, all capitalized terms shall have the respective meanings specified in the glossary attached to this Report as Appendix "A". The first instance of each capitalized term, if defined in the glossary, is hyperlinked to the glossary.

B. INTRODUCTION

2. The principal purpose of these CCAA Proceedings, and the related Chapter 15 Proceedings, is to restructure and compromise Imperial's liabilities, specifically the liabilities arising from the Tobacco Claims, including the Quebec Appeal Judgment.
3. The Initial Order in these CCAA Proceedings was issued by this Court on March 12, 2019, as amended and restated as of April 5, 2019, further amended and restated as of April 25, 2019, and updated by written endorsement on March 6, 2020.

4. A list of the orders issued by this Court and the US Bankruptcy Court in these CCAA Proceedings can be found in Appendix “B” to this Report.

C. BACKGROUND

5. Imperial is the largest distributor of Tobacco Products in Canada and operates two businesses: tobacco and logistics. The tobacco business includes the marketing and sale of Tobacco Products and Vapour Products. The logistics business distributes Tobacco Products and Vapour Products for tobacco manufacturers, as well as certain non-tobacco products and services.
6. Imperial is highly integrated with BAT and its affiliates. Imperial benefits from a wide range of services, licences and rights provided by certain of BAT’s affiliates. These services and functions have been and continue to be vital for preserving Imperial’s business and value.
7. Further information regarding these CCAA Proceedings and Imperial’s background is provided in the previous Monitor’s Reports.
8. All Court materials filed and orders issued in these CCAA Proceedings and the related Chapter 15 Proceedings are available on the Monitor’s website at:
<http://cfcanada.fticonsulting.com/imperialtobacco>.

D. TERMS OF REFERENCE AND DISCLAIMER

9. In preparing this Report, the Monitor has relied upon certain financial information and forecasts prepared by Imperial, and discussions and correspondence with, among others, the senior management and advisors to Imperial. The Monitor has not audited or otherwise attempted to verify the accuracy or completeness of this information. Accordingly, the Monitor expresses no opinion or other form of assurance on the information contained in this Report or relied on in its preparation. Future oriented financial information reported or relied on in preparing this Report is based on Imperial management’s assumptions regarding future events; actual results may vary from the forecast and such variations may be material.

10. Unless otherwise stated, all monetary amounts contained herein are expressed in Canadian Dollars.
11. This Report should be read in conjunction with the September 2021 Thauvette Affidavit which can be found here.

E. PURPOSE OF THIS REPORT

12. The purpose of this Report is to provide this Court with information regarding:
 - i. an update on the Court and US Bankruptcy Court proceedings;
 - ii. an update on the Mediation;
 - iii. an update on the continued impact of the COVID-19 Pandemic on Imperial's business, and steps taken to mitigate the effects of future business interruptions;
 - iv. Imperial's business activities, industry developments and trends impacting Imperial's business and Imperial's related business contingency plan;
 - v. Imperial's budget to actual cash flow results for the 26-week period ending September 5, 2021;
 - vi. the Cash Flow Forecast for the 30-week period commencing the week of September 6, 2021 through the week of March 28, 2022;
 - vii. the new Tobacco Regulations coming into force and regulations governing Vapour Products;

 - ix. Imperial's request for an order extending the Stay of Proceedings to March 31, 2022; and

- x. the Monitor's comments and recommendations in respect of the foregoing matters.

F. UPDATE ON COURT PROCEEDINGS

- 13. On March 30, 2021, this Court heard a motion seeking the extension of the Stay of Proceedings and issued the September 2021 Stay Extension Order which extended the Stay Period to September 30, 2021. A copy of the September 2021 Stay Extension Order can be found [here](#).
- 14. At the motion seeking the September 2021 Stay Extension Order, the Tobacco Growers' Marketing Board sought to lift the Stay of Proceedings only as against themselves. By endorsement dated April 6, 2021, this Court refused to lift the Stay of Proceedings. Instead, the Tobacco Growers' Marketing Board was advised to file materials and encouraged to engage in the ongoing mediation process.
- 15. The Tobacco Growers' Marketing Board proceeded to file and serve its motion record and factum seeking, *inter alia*, to be treated in the same manner as other suppliers of goods or services and distinct from the TRW Claimants. Following discussions among the Tobacco Growers' Marketing Board and counsel for the Tobacco Monitors the motion was adjourned *sine die* on July 29, 2021.
- 16. On May 3, 2021, US Counsel to the Monitor filed a Second Status Report and Declaration in support of Monitor's Second Status Report with the US Bankruptcy Court to provide the US Bankruptcy Court with an update on these CCAA Proceedings since the date of the previous status update provided on April 8, 2020. There was no hearing associated with such filing. A copy of the materials filed can be found [here](#).
- 17. Due to the continued impact of the COVID-19 Pandemic, this hearing on the motion to extend the Stay of Proceedings will proceed by Zoom Video Conference according to the protocol developed by counsel to the Tobacco Monitors. The general public will have access to the hearing via secure, dedicated YouTube

livestream. This protocol has been re-served on the consolidated service list, is posted to the Monitor's website and can be found at Appendix "C" to this Report.

G. UPDATE ON THE MEDIATION

18. The Monitor continues to work with Imperial to populate the Imperial Data Room with financial and other information relevant to these CCAA Proceedings and to respond to information requests. The Imperial Data Room is accessible only to those advisors of Mediation Participants who have executed NDAs.
19. Since the date of the Ninth Report, the Court-Appointed Mediator, with the assistance of the Tobacco Monitors, has continued to conduct the Mediation and engage in meaningful discussions with the Applicants and stakeholders. Although the Mediation is confidential, the Monitor can report that the parties are continuing to advance the Mediation with a view to facilitating a pan-Canadian global settlement of the Tobacco Claims.

H. COVID-19 PANDEMIC IMPACT UPDATE

20. Since the COVID-19 business impact analysis was provided by Imperial and posted to the Imperial Data Room (as discussed in the Ninth Report), Imperial has continued to take various steps to address the effects of the COVID-19 Pandemic.
21. As most recently described in the September 2021 Thauvette Affidavit, while Imperial experienced temporary supply chain disruptions and challenges and incurred certain additional costs as a result of the COVID-19 Pandemic, the supply chain disruptions had only a short-term impact on Imperial's business. Nonetheless, Imperial, with the assistance of BAT operations, continues to refine their business contingency plan to be better prepared for future disruptions.
22. As part of this contingency planning, the BAT Group intends to purchase and reallocate certain manufacturing and packaging equipment to be installed in the US and Chile for Imperial's use in the future. Such equipment is expected to cost \$29 million at book value. Certain of the purchased equipment will be purchased by

the BAT Group directly from the manufacturer, while other equipment will be reallocated from affiliates of BAT. This additional equipment is intended to ensure there will be no disruption to the supply chain process in the future. Imperial advised the Monitor that it expects to incur development costs of \$5.8 million between now and March 2022 in connection with these contingency arrangements.

23. Imperial typically bears the cost of equipment used in the production of products manufactured by affiliates for sale to Imperial. The depreciation of equipment used to produce such products is a cost of production and as such Imperial anticipates it will incur an annual charge for the depreciation of such equipment over its useful life. However, to the extent such equipment is used for products sold to other BAT affiliates, the depreciation will be pro-rated between the relevant affiliate and Imperial.
24. The COVID-19 Pandemic has also had an impact on the way in which employees of Imperial work. As a result, Imperial is undertaking certain head office renovations, including IT infrastructure upgrades, to ensure employees have more connectivity and flexibility to work from home. The total cost of these renovations is expected to be approximately \$3.5 million.

I. IMPERIAL'S BUSINESS ACTIVITIES, INDUSTRY DEVELOPMENTS AND TRENDS IMPACTING IMPERIAL'S BUSINESS

Tax Issues

25. As described in the September 2021 Thauvette Affidavit, in March of 2021, Imperial and its counsel engaged in discussions with the Department of Justice in respect of a variety of issues, including in respect of (a) certain amounts outstanding for unpaid deductions at source, and amounts outstanding for non-resident tax withholdings, (b) the status of the Comprehensive Agreement entered by ITCAN in 2008 and (c) the status of the ongoing dispute between the CRA and ITCAN in respect of the reassessment of ITCAN's 2011 and 2014 taxation years.

26. ITCAN continues to keep the Monitor apprised of all discussions with the CRA and the Department of Justice.

(a) Unpaid Source Deductions and Non-Resident Tax Withholdings

27. As of July 2021, Imperial owed approximately \$2.3 million in unpaid source deductions and non-resident employee tax withholdings, related to various taxation years, across the Imperial entities.
28. As amounts for unpaid deductions at source for residents and non-residents are expressly required to be paid pursuant to paragraph 10 of the Initial Order, the Monitor approved payment of such amounts which were remitted in July 2021.

(b) Comprehensive Agreement

29. Pursuant to the Comprehensive Agreement, starting in 2019, ITCAN was obliged to remit to the CRA 1% of its net sales revenue for the next five fiscal years or until a maximum of \$50 million is paid.
30. In March of 2021, the Department of Justice (“**DOJ**”) and ITCAN held discussions in respect of ITCAN’s obligations under the Comprehensive Agreement which continue to accrue and had not been paid when due.
31. ITCAN, by letter to the DOJ dated May 13, 2021, informed the DOJ that it considers all current and future remittances pursuant to the Comprehensive Agreement to be unsecured claims and as such are stayed by the Stay of Proceedings. To the date of this Report there has been no response from the DOJ to this letter.

(c) ITCAN Reassessment

32. ITCAN was first reassessed by the CRA for the 2014 taxation year on June 10, 2019. The effect of this reassessment was to deny ITCAN’s deduction of expenses relating to settlement payments paid by ITCAN in 2014 to resolve a lawsuit brought

against ITCAN in respect of certain distributions received by ITCAN from Flintkote (a previous indirect subsidiary of a predecessor of ITCAN) and legal expenses related to same (the “**Flintkote Issue**”). The result of such reassessment was a potential tax liability estimated to be approximately \$227 million.

33. ITCAN objected to the reassessment on September 5, 2019. CRA Appeals informed ITCAN of its intention to maintain the CRA’s assessment in respect of the Flintkote Issue on November 16, 2020. Following discussions between CRA Appeals and counsel to Imperial, CRA Appeals agreed to extend the date of the formal reassessment until May 21, 2021.
34. On May 13, 2021, counsel to Imperial delivered a responding letter to the DOJ suggesting that the most efficient method of dealing with the Flintkote Issue would be for CRA’s claim to be addressed in the CCAA Proceedings. As at the date of this Report there has been no response from the DOJ or CRA Appeals to this letter.

Slide and Shell Equipment

35. As described in the Eighth Report, Imperial advised the Monitor that in order to meet increased production needs for certain brands of cigarettes, Imperial would require additional equipment at an estimated cost of \$12.9 million, which included the \$2.7 million equipment purchase from BAT Mexico previously approved by the Monitor. The Monitor worked with Imperial to review the business case and financial analysis before approving the additional proposed capital expenditure. In connection with the proposed capital expenditure, in April 2021, Imperial entered into a transaction with BAT Chile to purchase slide and shell equipment at its depreciated net book value of \$3.5 million. Furthermore, in August 2021, Imperial advised the Monitor that, subject to Monitor approval, it intended to enter into a transaction with BAT Mexico and BAT Honduras to purchase additional slide and shell equipment at its depreciated net book value of \$6.0 million. This equipment will be used for production in Canada.

36. The Monitor has completed its review of the necessity and business rationale for the remaining purchases of additional slide and shell equipment from BAT affiliates, as well as the consideration to be paid by Imperial and has approved the transactions.

Canadian Distribution Centres Upgrade

37. The automated equipment in Imperial's Canadian distribution centres operated by Ryder is nearing the end of its useful life and will need to be replaced starting in 2022. The cost to replace such equipment is currently estimated to be approximately \$20 million. The replacement project is expected to be completed by March 2023. The Monitor continues to work with Imperial to review the potential transactions and business case for this automation upgrade.

Fine Cut Tobacco Sourcing

38. Imperial currently purchases fine cut tobacco from BAT Mexico. In August 2021, Imperial advised the Monitor that it was planning to source this product from BAT manufacturing facilities in Germany and Hungary. This migration is expected to occur in the first quarter of 2022 and is expected to generate cost savings of \$0.6 million over the next 5 years. The Monitor has reviewed and approved the business case for this sourcing change.

Vuse Store Openings

39. As part of Imperial's strategy to market its Vapour Products which are sold under the "Vuse" trademark, it has continued to open additional Vuse stores. As of the date of this Report, Imperial currently has four open and operating Vuse stores and anticipates opening five additional Vuse stores across Canada by the end of the year.
40. In connection with the execution of leases on four of the above-mentioned stores, Imperial was required to post cash deposits (associated with two leases) and letters

of credit (associated with two leases) totaling \$0.3 million. While the amounts required to be posted were not significant, Imperial sought the Monitor's approval.

41. The Monitor and its counsel reviewed the various lease terms and the underlying business case and concurred with the posting of cash deposits.

Nicoventures Update

42. In June 2021, ITCAN advised the Monitor that in connection with the Supply of Marketing Services Agreement between ITCAN and Nicoventures (the "MSA"), ITCAN is providing additional services to Nicoventures in respect of product marketing in Canada.
43. The Monitor and its counsel have reviewed the underlying agreements and documents. All costs associated with the provision of these services will be borne by Nicoventures. Accordingly, the Monitor concurred with the changes to the MSA.
44. In July 2021, ITCAN advised the Monitor that, pursuant to the MSA, ITCAN intended to assign its rights to an invention related to flavoured Vapour Products developed by an ITCAN employee. Pursuant to the MSA any intellectual property developed in connection with the provision of Nicoventures' services immediately vests in and is owned by Nicoventures.
45. The Monitor and its counsel reviewed the various underlying agreements and proposed assignment document and advised ITCAN that, based on the facts and information provided by ITCAN, the Monitor did not object to ITCAN complying with its contractual obligations pursuant to the MSA.

Update on Proposed BAT Mexico Payments

46. As described in previous Monitor's Reports, the Monitor was advised by Imperial that BAT Mexico will be required to write off the undepreciated cost of certain

manufacturing equipment used to package and wrap Tobacco Products for Imperial and the cost of certain wrapping materials and finished goods, all of which have been rendered obsolete by the Tobacco Regulations.

47. The total estimated amount of \$55 million was anticipated to be billed by BAT Mexico to ITCAN at the end of 2019 pursuant to the terms of the BAT MX Agreement. This anticipated payment was disputed by the Quebec Litigation Plaintiffs.
48. No payment has been made to date and the Monitor continues to work with Imperial to review these proposed payments and the underlying documents.

**J. RECEIPTS AND DISBURSEMENTS FOR THE 26-WEEK PERIOD
ENDING SEPTEMBER 5, 2021**

49. Imperial's cash balance as of the week ended September 5, 2021 was \$2,269 million, an increase of approximately \$400 million, as compared to the forecasted net cash inflow of \$246 million over the 26-week period giving a positive variance of \$154 million as explained below:

VARIANCE REPORT	Actuals	Forecast	Variance
<i>CAD in thousands</i>	For the 26-week period ending Sep 05, 2021

Trade Receipts	2,533,765	2,495,699	38,066

Other (FX)	1,160	-	1,160
ENDING CASH	2,268,681	2,113,363	155,317

50. The significant budget to actual variances and corresponding explanations are as follows:

- i. *trade receipts*: positive permanent variance of \$38 million, or 2% against the forecast, primarily driven by higher-than-forecast pricing increases implemented by Imperial for its cigarettes and Vapour Products which was then partially offset by lower-than-forecast cigarette sales volumes;
- ii. *taxes and levies*: positive timing variance of \$65 million, primarily driven by lower-than-forecast cigarette sales volumes and as a result,

lower-than-forecast schedule of importation of cigarettes from US distribution centres that is expected to reverse in the future reporting period;

- iii. *operating disbursements*: positive timing variance of \$48 million, primarily driven by the lower-than-forecast purchase of cigarettes due to lower sales volumes and Vapour Products as a result of changes in the regulatory environment that is expected to reverse in the future reporting period;
- iv. *professional fees*: positive variance of \$2.6 million that consists of a positive permanent variance of \$2.3 million and a positive timing variance of \$0.3 million that is expected to reverse in the future reporting period.

K. CASH FLOW FORECAST

- 51. Imperial, with the assistance of the Monitor, has prepared a Cash Flow Forecast for the 30-week period ending the week of March 28, 2022. The Cash Flow Forecast is attached as Appendix “D” to this Report.
- 52. During the Forecast Period, total operating receipts are forecast to be approximately \$2,623 million and total operating disbursements are forecast to be approximately \$2,392 million, resulting in a net positive operating cash flow of approximately \$231 million. In addition, Imperial forecasts interest income of approximately \$7 million in respect of cash balances on deposit in Canada and professional fee disbursements of approximately \$7 million, such that net cash inflow is forecast to be approximately \$231 million.
- 53. Although net cash flows are positive during the Forecast Period, there are 8 weeks within this period which are forecasted to have negative operating cash flows. These are largely driven by the timing of the payment of taxes and government levies due at the end of each month. Cash flows in the weeks that fall on or around

month-end tax payments are expected to be negative and then offset by the receipt of the positive cash flows during the remainder of the month.

54. The Monitor has reviewed the Cash Flow Forecast to the standard required of a Court-appointed monitor by Section 23(1)(b) of the CCAA. Section 23(1)(b) requires a monitor to review the debtor's cash flow statement as to its reasonableness and to file a report with the court on the monitor's findings. The Canadian Association of Insolvency and Restructuring Professionals' Standards of Professional Practice include a standard for a monitor fulfilling its statutory responsibilities under the CCAA in respect of its report on the Cash Flow Forecast.
55. In accordance with the standard, the Monitor's review of the Cash Flow Forecast consisted of inquiries, analytical procedures and discussions related to the Cash Flow Forecast and its underlying assumptions. The Monitor's procedures with respect to the assumptions were limited to evaluating whether they were consistent with the purpose of the Cash Flow Forecast. The Monitor also reviewed the support provided by Imperial's management for the assumptions and the preparation and presentation of the Cash Flow Forecast.
56. Based on the Monitor's review, nothing has come to its attention that causes it to believe, in all material respects, that:
 - i. the assumptions are not consistent with the purpose of the Cash Flow Forecast;
 - ii. as at the date of this Report, the assumptions are not suitably supported and consistent with the plans of Imperial or do not provide a reasonable basis for the Cash Flow Forecast; or
 - iii. the Cash Flow Forecast does not reflect the assumptions.
57. As described in the Terms of Reference above, since the Cash Flow Forecast is based on assumptions regarding future events, actual results will vary from the

information presented even if the assumptions occur, and the variations could be material. Accordingly, the Monitor expresses no assurance as to whether the Cash Flow Forecast will be achieved. In addition, the Monitor expresses no opinion or other form of assurance with respect to the accuracy of the financial information presented in the Cash Flow Forecast or relied upon by the Monitor in preparing this Report.

58. The Cash Flow Forecast has been prepared solely for the purposes described above, and readers are cautioned that it may not be appropriate for other purposes.

L. NEW TOBACCO AND VAPOUR REGULATIONS

The Tobacco Regulations

59. As noted in previous Monitor's Reports, the majority of the Tobacco Regulations came into force on November 9, 2019. These regulations, *inter alia*, require manufacturers of Tobacco Products to use plain, unbranded packaging. The remaining Tobacco Regulations scheduled to come into force on November 9, 2021, are (i) the slide and shell packaging requirements, which require manufacturers of cigarettes to package such products using a slide and shell package of certain prescribed dimensions, and (ii) the appearance and filter requirements in respect of Tobacco Products that are made in whole or in part of tobacco and intended for use with a device. The Monitor continues to review the changes Imperial is implementing to meet such requirements.

The Regulation of Vapour Products

60. Vapour Products continue to come under increased global scrutiny resulting in stringent regulation and, in some cases, bans. As noted in previous Monitor's Reports, the Monitor has been advised by Imperial that, due to the new vaping regulations, there continues to be a high level of uncertainty surrounding the consumer demand for Vapour Products.

61. Appendix “E” to this Report summarizes the various regulatory changes related to Vapour Products that have been considered and implemented across Canada since the date of the Ninth Report.

M. OVERVIEW OF THE MONITOR’S ACTIVITIES

62. Since the date of the Ninth Report, the Monitor and its counsel have held numerous meetings and/or discussions with Imperial and its counsel to:
- i. monitor Imperial’s business activities;
 - ii. monitor Imperial’s receipts and disbursements;
 - iii. assist in the preparation of the Cash Flow Forecast;
 - iv. prepare monthly professional fee disclosures;
 - v. gather and review Information to be included in the Imperial Data Room;
 - vi. address vendor and stakeholder inquiries;
 - vii. evaluate a variety of legal and operational issues as they arise;
 - viii. review proposed capital expenditures; and
 - ix. further their understanding of Imperial’s business environment and the factors expected to impact its future business prospects.
63. As discussed above, the Monitor has continued to engage with Imperial to understand the supply chain disruptions to its operations caused by the COVID-19 Pandemic and review Imperial’s business contingency plan.
64. The Monitor has also regularly attended meetings with the Court-Appointed Mediator and stakeholders and has provided the Court-Appointed Mediator with information necessary to advance the Mediation.

65. The Tobacco Monitors and their counsel have met regularly to discuss ongoing matters including the Mediation, reviewing Information to be included in the Applicants' Data Rooms, procedural aspects of these CCAA Proceedings and the relief sought herein.

Professional Fee Disclosure

66. Pursuant to the Professional Fee Disclosure Order, the Monitor continues to provide to the Quebec Litigation Plaintiffs and other parties who requested such information, a summary, by firm, of the restructuring fees incurred on or after March 12, 2019 and paid to the CCAA Professionals each month.

N. STAY OF PROCEEDINGS

67. Imperial is seeking an extension of the Stay Period to March 31, 2022. The Monitor understands that such extension is necessary for Imperial to operate the business in the ordinary course as it continues to engage in the Mediation conducted by the Court-Appointed Mediator and to work towards developing a plan of compromise or arrangement for a pan-Canadian global settlement of the Tobacco Claims.
68. The Monitor supports an extension of the Stay of Proceedings for the following reasons:
- (a) Imperial is acting in good faith and with due diligence;
 - (b) Imperial is continuing to engage meaningfully in the Mediation with the Court-Appointed Mediator in an effort to reach a pan-Canadian global settlement of the Tobacco Claims; and
 - (c) the Cash Flow Forecast reflects that Imperial is projected to have sufficient funding to continue to operate in the normal course through the proposed extension to the Stay of Proceedings.

The Monitor respectfully submits this Report.

Dated this 20th day of September, 2021.

7. Participants must state their name and who they represent before addressing the Court.
8. Upon entry into the virtual waiting room, each Participant joining by video should identify themselves, including any person off camera that may be viewing the video feed. APPENDIX “E” REGULATION OF VAPOUR PRODUCTS

Please see below for a summary of the vaping regulations that are being considered and implemented across Canada since the date of the Ninth Report.

1. *Federal:*

- i. On July 8, 2021 the new *Nicotine Concentration in Vaping Products Regulations* came into force, which (i) establish a maximum nicotine concentration of 20 mg/mL for Vapour Products marketed in Canada, (ii) prohibit the packaging and sale of Vapour Products if the nicotine concentration displayed on the package exceeds 20 mg/mL and (iii) amend the *Vaping Products Labelling and Packaging Regulations* to align this limit for Vapour Products intended for the domestic market. Retailers had until July 23, 2021 to comply with these regulations.
- ii. On June 19, 2021 the federal government published a consultation on a potential ban of flavoured vaping products, including a draft *Order Amending Schedules 2 and 3 to the Tobacco and Vaping Products Act* and the draft *Standards for Vaping Products’ Sensory Attributes Regulations*. The proposed measures include (i) restricting the promotion of flavours of Vapour Products to tobacco, mint, menthol or a combination of mint and menthol, (ii) prohibiting all sugars and sweeteners as well as most flavouring ingredients from Vapour Products and (iii) prescribing sensory attributes standards to prevent a sensory perception other than one that is typical of tobacco or mint/menthol. The proposed measures were open for consultation until September 2, 2021.

2. *Alberta* – By Order in Council issued on June 24, 2021, Alberta proclaimed the *Tobacco and Smoking Reduction Amendment Act, 2020* to come into force on July 31, 2021. On the same date, Alberta also enacted the *Tobacco, Smoking and Vaping Reduction Amendment Regulation*, also to come into force on July 31, 2021. The

combined effect of both pieces of legislation is to regulate Vapour Products for the first time in Alberta, with restrictions on sale, promotion and public use of Vapour Products mostly aligned with those in effect for Tobacco Products. Among other new provisions, the sale of both Tobacco Products and Vapour Products from temporary or mobile sales premises is also banned.

3. *New Brunswick* – On June 11, 2021 two bills received royal assent, both of which amended the *Tobacco and Electronic Cigarette Sales Act*. Bill 55 comes into force on January 4, 2022 and will require any person operating a vapour shop on or after April 1, 2022 to hold a license. Bill 63 came into force on September 1, 2021 and banned the sale of Vapour Products that have a noticeable flavour (including mint and menthol) other than tobacco.
4. *Saskatchewan* – On April 14, 2021 *The Tobacco and Vapour Products Control Amendment Regulations, 2021* received royal assent. These regulations prohibit the sale of flavoured Vapour Products other than those that are tobacco, mint or menthol flavoured, other than in speciality vapour product stores in which those under the age of 18 are not permitted. These regulations came into force on September 1, 2021. On the same date the Vapour Products Tax became effective which applies a 20% sales tax to the sale of Vapour Products. Provincial Sales Tax of 6% no longer apply to such sales. Vendors of Vapour Products are also now required to register with the Ministry of Finance as a Vapour Products tax licensed vendor.
5. *Nunavut* - On June 8, 2021, Bill 57, *the Tobacco and Smoking Act* received Royal Assent. This Act regulates the sale of Vapour Products for the first time in the Territory. Amongst other things, the Act (i) prohibits the sale of flavoured Vapour Products (other than tobacco) in all retail, (ii) regulates the promotion of Vapour Products aligned with Tobacco Product restrictions, and (iii) prohibits same-day delivery of Vapour Products ordered online. The date this Act comes into force has yet to be published.
